Ooi: 'The discussions are on potential changes or additions to the project's scope of works.'

PETALING JAYA: George Kent (M) Bhd, an engineering specialist, expects the acceleration of works at the RM1.1bil Ampang Light Rail Transit, or LRT line extension project, to boost its earnings for the **FINANCIAL** year ending Jan 31, 2016.

Executive director Bernie Ooi told a media briefing that the group was also in discussions with Prasarana Malaysia Bhd on "order variations", which might result in more revenue from the project.

"The discussions are on potential changes or additions to the project's scope of works," he said.

The project, which it is working on with consortium partner Lion Pacific Sdn Bhd, is the major contributor to its engineering division.

The project's deputy director Jonathan Goddard said it was 60% completed.

"We are on track to meet the schedule of works set by the client," he said.

Ooi said the group had an order-book of RM1.5bil. "From the order-book, we expect to
