

## **ENVIRONMENTAL POLICY**

---

**“George Kent (Malaysia) Berhad is fully committed to:**

Promoting awareness and protection of the environment through the ISO 14001:2015 Environmental Management System which identifies, prioritises and addresses environmental risks;

Complying with all environmental laws and regulations and other requirements related to our business activities;

Creating eco-friendly products and services, conserving energy and natural resources by practising 3R approach (reduce, reuse and recycle) and effective pollution prevention principles and continuous improvement;

Periodically reviewing our strategies, objectives, targets and monitor environment programs to ensure continuous improvement of our environmental performance.
